Subject: your bowel cancer screening results

Date of birth:  
«\_CLIENT\_GEBOORTEDATUM»  
Citizen Service Number (BSN):  
«\_CLIENT\_BSN»

«\_CLIENT\_AANHEF»,

You have recently taken part in the national bowel cancer screening programme.

## What are your results?

Your results are favourable.

Your screening indicates that there is no need for you to go to hospital for a further examination.

## How certain are the results?

The screening is a snapshot and does not provide complete certainty. There is still a small chance that you may have bowel cancer or may develop it in the future. You will receive an invitation for screening every two years. You will not receive an invitation if you reach the age of 75 within the next two years.

## What should you do?

Stay alert for symptoms such as blood in your stool or a persistent change in your bowel movements, such as constipation or diarrhoea. If you notice problems like these, make an appointment with your GP. Do not wait for the next screening invitation.

## Do you have questions?

If you have any questions, you can call the «\_SO\_NAAM» information line on «SO\_TEL» (Monday to Friday from 09.00 to 17.00). You can also consult your GP. The website [www.bevolkingsonderzoekdarmkanker.nl](http://www.bevolkingsonderzoekdarmkanker.nl) contains more information, including answers to Frequently Asked Questions.

Yours sincerely,  
on behalf of «\_SO\_NAAM»
