K. Hartmann, Germany
H. Henttonen, Finland
A. Lundkvist, Sweden

B.E.E. Martina, the Netherlands
G.F. Mgode, Tanzania
J.E. Nally, United States
M. Picardeau, France
N. Turk, Croatia
J.A. Wagenaar, the Netherlands
Dear Colleagues and Friends,

It is with great pleasure that we invite you to come to Amsterdam, The Netherlands, in April 2015, to attend the 2nd ELS (European Leptospirosis Society) meeting on leptospirosis and other rodent borne haemorrhagic fevers.

Globally, resources for the study and control of leptospirosis, but also the other rodent borne haemorrhagic fevers, are highly inadequate. It is therefore important to encourage the exchange of information, and the development of international collaborations. This meeting of ELS will play an important role in bringing people together for these purposes. In this light, scientists working in related fields are also strongly encouraged to attend this meeting and present their work.

We hope that you can join us in Amsterdam in April 2015!

Rudy Hartskeerl  Chantal Reusken  Joke van der Giessen
Jiri Wagenaar  Marga Goris  Eric Klaasen
Eric van Gorp
